Audio Visual Presentation Packages and Additional Services

Video/Data Projection \$ 500

To show a video or computer presentation to a larger audience, this package includes a DVD player, LCD projector, projection stand, mixer, and tripod screen up to 8'x8'.

Video Presentation \$ 150

To show a video to an audience of up to 25 people, this package includes a VHS player or DVD player, a 27" Monitor/Receiver and a skirted rolling cart.

Overhead Presentation \$ 75

This popular package includes an overhead projector with built-in spare lamp changer, projector stand, and a tripod screen up to 8'x8'.

Plasma Presentation \$ 375

Limited space? No problem. Use a 42" plasma to display your presentation and capture your audience. This package includes a 42" plasma monitor, dual post stand and necessary cabling.

Presentation Lighting \$ 250

Light up the lectern and your presenter with four lights, two floor-supported stands, dimmers, and control unit.

Accessories Package \$ 60

For presenters that travel with their own LCD projector, this accessories package includes a skirted projector stand, and VGA extension cable.

Custom Lighting and Sound Please Call

We can design a custom lighting and sound system package to enhance your General Session, Awards Banquet, or other event. Our wide array of concert quality audio and lighting equipment offers a multitude of choices to create just the right environment.

Computer Systems Please Call

We offer a wide range of computer systems to address any need for your conference. Whether your needs are support for event management or presentation laptops, we can deliver.

Full-Service Audio Visual

With offices in 41 cities throughout North America, Freeman offers the most extensive array of audio visual solutions for meetings, conventions, corporate events and trade shows.

- Audio, visual, lighting and projection
- Audience response systems
- Creative services
- Computer services
- Custom and stock scenery
- Digital services
- Entertainment
- Press conference configurations
- Production services
- Logistics management
- Multi-microphone discussion systems
- Simultaneous interpretation
- Technical coordination

Digital Services

Freeman offers the latest in digital technology making it possible for you to manage various aspects of a show or conference more efficiently, easily and profitably. We also provide the support staff to make using it easy. And because we are a Microsoft Certified Gold Partner, Freeman can provide all required hardware, software, along with friendly, professional technical support. Digital service offerings include:

- Sponsorship and branding
- Digital signage
- Presentation management
- Overflow-on-demand
- Audience response systems
- Information kiosks
- OnlineEvent
- Cyber Cafe

Audience Participation

Whether you have an audience of 40 or 4,000, you can instantly record, evaluate, and graph opinions and answers from every member of your audience with Wireless Keypad Voting and Audience Response Systems. Our wireless keypads are perfect for corporate teambuilding, audience feedback, and opinion polling.

DigiMic Multi Microphone Systems

The flexible multi-microphone discussion system can be configured to provide delegate control or technician control and is specifically designed for conference applications in boardroom, classroom or hollow-square style environments.

Flat Screen Display

Add the latest in flat screen technology to your next meeting. Freeman has North America's largest inventory of LCD and plasma monitors in a variety of sizes, resolutions and aspect ratios.

LCD / Data Projection

Whether you require a 2,000 ANSI lumens portable projector for your computer presentation or a 18,000 ANSI lumens projector for a multimedia production, Freeman will provide you with the best combination of technology to suit your particular event or meeting objectives.
